

Affordable Patient Financing

for Ambulatory Surgery Centers

Automate and Outsource Patient Financing & Payments

As patient self-pay becomes a growing share of ASC revenue, it's critical to maintain a consistent and customer friendly approach to patient payments. HiLite Pay is an end-to-end patient payment and financing solution designed to easily integrate into your existing systems and workflows.

HiLite Pay delivers automated statements while offering easy online and mobile payments. You also get clear insight into A/R collections and performance. Our financing options help make your services affordable to patients. Improve the patient experience and deliver better financial results for your ambulatory surgery center.

Patient Outreach

Current Balance 0-30 days

Text & Email Statement

Our "always on" payment applications are available 24/7 and integrate seamlessly with your existing systems. HiLite Pay automates repetitive tasks and eliminates costly mistakes.

- Automated electronic & paper statements
- Payments integrate into existing systems
- Patient payment portal
- Patient financing options
- 24/7 Customer Support

Online & Onsite Payment

Patient Payment Portal

24/7 Customer Support

Past Due 30 - 120 days

Past-Due Notice

Past due notices are automatically sent by text and email, and patients can pay by clicking a link on their statement.

HiLite Pay offers financing options that help relieve the burden of healthcare debt without the high cost of health care credit cards.

HiLite customer support is always available to answer billing questions and explain the patient's responsibility, reducing the burden on your staff.

Patient Financing

24/7 Customer Support

Debt Collection over - 120 days

Pre-Collection Notice

Before an outstanding balance reaches 120 days, a pre-collection notice is sent to patients. HiLite customer support continues to work with patients to help resolve outstanding balances, and can take payments over the phone or direct them to our financing solution options.

Our philosophy is to avoid collections and offer an empathetic approach to financial responsibility, sending to collections only as a last resort.
